HANDPIECES

114101 I/A handpiece, long barrel

114301 Irrigation probe for bimanual technique

114302 Aspiration probe for bimanual technique

SET

190700 Air controlled irrigation device, single-use (5 pcs)

192704 EasySys I/A kit, single-use (10 pcs)

* Recommended Incision Size: mm.

Diathermy

ESODIATHERMY

115101 Diathermy bipolar cable

115301 Diathermy forceps

115302 Diathermy pencil eraser

ENDODIATHERMY

115303 20G endodiathermy probe

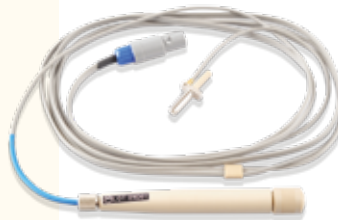

115305 19G endodiathermy probe with reflux

129007 Tube for endodiathermy probe (2 pcs)

115103 Diathermy handle for subretinal drainage

115210 3 mm diathermy electrode for subretinal drainage

192620 20G endodiathermy probe, single-use (5 pcs)

192623 23G endodiathermy probe, single-use (5 pcs)

192625 25G endodiathermy probe, single-use (5 pcs)

192627 27G endodiathermy probe, single-use (5 pcs)*

20G Vitrectomy

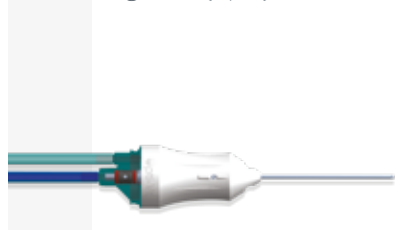

192304 Anterior vitreous cutter, single-use (5 pcs)

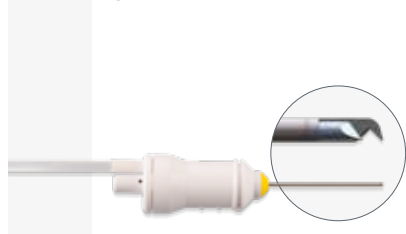

192110 Backflush handpiece, active/passive, single-use (5 pcs)

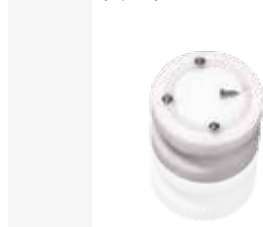

192301 20G vitreous cutter, single-use (5 pcs)

192320 20G microscissors single-use, 45°

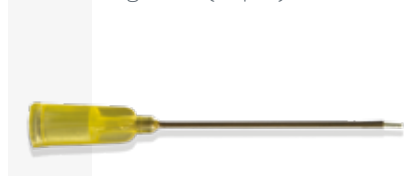

124006 19/20G scleral plug with holder (4 pcs)

192120 20G soft tip cannula, single-use (10 pcs)

192130 20G blunt tip cannula, single-use (10 pcs)

ENDOILLUMINATION PROBES

192803 20G endoillumination probe, single-use (5 pcs)

192806 20G wide angle endoillumination probe, single-use (5 pcs)

192815 20G shielded wide angle endoillumination probe, single-use (5 pcs)

IRRIGATION SYSTEM

192521 20G scleral infusion cannula/
silicone tube/stopcock,
single-use (10 pcs)

124001 20G scleral infusion cannula,
angled, 3 mm

124002 20G scleral infusion cannula,
angled, 4 mm

124003 20G scleral infusion cannula,
angled, 6 mm

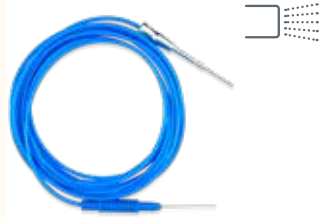

23G Vitrectomy

ENDOILLUMINATION PROBES

192313 23G Twedge™ dual blade vitreous cutter, single-use (5 pcs)

192807 23G endoillumination probe, single-use (5 pcs)

192323 23G microscissors single-use, 45°

192809 23G wide angle endoillumination probe, single-use (5 pcs)

192123 23G soft tip cannula, single-use (10 pcs)

192133 23G blunt tip cannula, single-use (10 pcs)

192816 23G shielded wide angle endoillumination probe, single-use (5 pcs)

192110 Backflush handpiece, active/passive, single-use (5 pcs)

192223 23G valved trocar kit, one step, single-use (10 pcs)

25G Vitrectomy

ENDOILLUMINATION PROBES

192315 25G Twedge™ dual blade vitreous cutter, single-use (5 pcs)

192808 25G endoillumination probe, single-use (5 pcs)

192125 25G soft tip cannula, single-use (10 pcs)

192135 25G blunt tip cannula, single-use (10 pcs)

192836 25G wide angle endoillumination probe, single-use (5 pcs)*

192110 Backflush handpiece, active/passive, single-use (5 pcs)

192845 25G shielded wide angle endoillumination probe, single-use (5 pcs)*

192225 25G valved trocar kit, one step, single-use (10 pcs)

192817 25G chandelier with adjustable ring (5 pcs)

27G Vitrectomy

ENDOILLUMINATION PROBES

192317 27G Twedge™ dual blade vitreous cutter, single-use (5 pcs)

192818 27G endoillumination probe, single-use (5 pcs)*

192127 27G soft tip cannula, single-use (10 pcs)

192137 27G blunt tip cannula, single-use (10 pcs)

192110 Backflush handpiece, active/passive, single-use (5 pcs)

192227 27G valved trocar kit, one step, single-use (10 pcs)*

Accessories

SILICONE OIL INJECTION/ REMOVAL

192525 Viscous fluid removal kit with 19G cannula, single-use (10 pcs)

192540 Injection/removal silicone oil kit with 20G/23G/25G cannulas, single use (5 pcs)

192519 Adapter syringe tubing LLF (10 pcs)

STERILE AIR INJECTION

192550 Automatic BSS/Air infusion control system (5 pcs)

192513 Air injection tube with filter, single-use (5 pcs)

192514 Two-way stopcock, single-use (10 pcs)
